scorolance with the laws and rules governing the church.

His expressions against the Lord's annointed, whom the church sustains as prophets, seers and revelators, are unbecoming a Latter-day Sainti. And perwithstand he has been visited a number of times by myself and other brethren as teachers, according to the rules of the church, he still maintains the same views and lifeus, and does not wish to be visited again by the teachers with a view of getting him to change his position in these matters. It thersfore becomes my duty, as his teacher, to prefer this charge against him and I ask that he be cited to appear before you and show cause, if any he has, why the hand of fellowship should not be withdrawn from him. REQUEST FOR MORE SPECIFIC

REQUEST FOR MORE SPECIFIC CAUSE OF COMPLAINT.

This is a copy of my request to you that blder Goddard be required to specifically state the words and the occasions he al-leges against me which constitute the basis of his charge, and which request you have declined:

you have declined:
Ogden, Utah, March 18, 1965—Bishop E. T.
Woolley and Counselors, Fourth ward. Weber
stake, Ogden, Utah.—Dear Brethren:—I beg to
schnowledge the service upon me of the compialnt, dated March 10, eigned by Hyrum H.
Goddard, presiding teacher of the First distifet, and your summons, dated March 10,
delivered to me by Brether Aaron G. Maw,
clerk, in which complaint I am charged with
apostasy and unchriptian—ilke conduct, and in
which summons I am cited to appear before
voic and show cause.

apostasy and uncurrently which summons I am cited to appear before you and show cause.

It hereby request that complainant be required to specify in his complaint the language which it is complained I have used against the authorities of the Church of Jesus Christ of Latter-day Saints, by which the conclusion of the complainant has been arrived at that I am guilty of the charges he makes of apostasy and unchristian-like conduct. Also that I be granted a continuance of the said hearing until such time as he shall make amendment to his complaint of the shieled facts upon which his conclusions are based, to the end that I may be afforded an opportunity to know what I am expected to meet, as well as to have time to prepare for such tear-ing.

The statement of purported facts made by he complainant is clearly a statement only of his conclusion, and it is but fair and reachable that the language used by me, or the ubstance thereof, should be given, as well as the time and place when spoken; since, therewise I should be without knowledge of the accusations to be made against me until it the hearings thereof. #### Denies He Is an Apostate.

Denies He Is an Apostate.

1. I deny that I am guilty of apostasy. Apostasy means, by the dictionary. "A total departure from one's faith or religion; abandonment of creed and renunciation of religious obligations." I affirm to you, and, in the most solemn and earnest manner, hear testimony that I have not departed from the faith and religion of Jesus Christ! On the other hand, that my adherence to it is, as I boileve, greater than it has ever been, and my determination to abide in it is strong and enduring! Furthermore, I affirm unto you, that from childhood, my hope has been and still is to grow in the grace and knowledge of our Lord, Jesus Christ, and that were it not for that it would not be worth while for me today to lift up my voice in protest against those things which have brought the humiliation into which the church at this sad hour is plunged.

2. I deny that I have been guilty of unchristianlike conduct. God forbid that I should ever be guilty of so foul a thing!

#### Reaffirms Charge Against Smith.

I reaffirm the truthfulness of what I have said in regard to Joseph F. Smith, and which is contained in the letter which I directed to you, dated March 18, 1905, and which is hereby made a part of this

answer.

3. I repeat that I cannot sustain Joseph F. Smith as president and as prophet, seer and revelator, and I deny your right to say that this is apostasy and unchristianlike conduct.

4. I admit that I believe, and hereby state the opinion, that Joseph F. Smith was not chosen in accordance with the will of God, as expressed in the Book of Doctrine and Covenants, Section 167:22, to-wit:

Of the Maichisedec priesthood, three presid-log high priests, chosen by the body, ap-pointed and ordained to that office, form a quorum of the presidency of the church.

#### His Inherent Right.

While I have expressed myself on these subjects, perhaps strongly and certainly carnestly, it has always been in language proper and unbecoming a Christian and a gentleman. In so expressing my views, I have not thought I was going beyond my inherent right. As the Magna Charta of this right, I refer you to the Book of Doctrine and Covenants, Section 53: 31 and 32—a revelation given to the eldera of the church, to-wit:

Wherefore it shall come to pass that if you behold a spirit manifested that you cannot understand, and you receive not that spirit, ye shall sak of the Rather, in the name of Jesus; and if he give not into you that spirit, then you may know that it is not of God.

And it shall be given you power over that spirit, and you shall preclaim against that spirit, and you shall preclaim against that spirit with a loud voice that it is not of God.

I solemnly aver unto you that I put the spirit shown by Joseph F. Smith, on the occasion described to you in my letter dated March 13, 1995, to this test; and that after much inward struggle at last found power over that spirit in the way and manner in the above quoted words of God declared. Respectfully,

(Signed) CHARLES A. SMURTHWAITE.

#### WHAT IS CATARRH?

Hyomel Cures this Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of the catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

Two Witnesses Examined. Two witnesses were examined curing the afternoon session. The first testified for almost two hours, when he was excused, and returned to his home in Philadelphia on a night train. The second witness finished his testimony at 5 o'clock, when the session was adjourned until to-morrow morning.

# MARKET FOR **UTAH JOBBERS**

## Chance to Get Into Gold Fields.

Saving of \$12.50 a Ton Over California Points.

Efforts of Commercial Club to Establish Freight Line Produce Excellent Results.

Assurances were received yesterday that a great new market is open to Utah jobbers. In Goldfield resolutions have been adopted showing that all classes of commodities can be delivered there at a minimum saving of \$12.50 per ten less than from the Californian houses. What is true at Goldfield is more pertinent to the Builfrog, Kawich and Arrow districts, all of which are within easy reach of the Salt Lake Route.

Here are the first results of the efforts Here are the first results of the efforts of the Salt Lake Commercial club in this

direction.

Through C. N. Strevell, chairman of the Commercial club's committee appointed to investigate southern and western Nevada, and especially the new gold regions, as a field for Sait Lake, Ogden and Provo Jobbers, Secretary Fisher Harris yesterday received a communication from C. L. Marsh, and with it copies of a set of resolutions adopted March 17, as follows:

Whereas, Mr. C. L. Marsh has represented to the Chamber of Commerce of Goldfield, in pen session, this 17th day of March, 1985, hat he can lay down in Goldfield, Nev., from Jaliente, Nev. on the Salt Lake, Les Angeles & San Pedro railroad, commodities, necessities and all other freight at a minimum saving of \$12.50 per ton, within a limited time, of to exceed twelve days, from all Utah oints, and

not to exceed twelve days, from all Utah points, and Whereas. In the judgment of the Chamber of Commerce, after a full and complete discussion of the subject, it deserves the unanimous support of the business men of the town of Goldheid.

Now, therefore, the Chamber of Commerce heartly indorses the enterprise and invites the business men of Utah and southern California, and all other competitive points, to send their representatives here to investigate this field, with a view of doing business with our merchants, and further, we have the full-est confidence in the representations made by Mr. Marsh, as to his ability to carry the same linu iffect. This movement, it is believed, will open

the eyes of Utah Jobbers. The demon-stration by Mr. Marsh before the Goldfield chamber of commerce that he can de-liver freight into Goldfield and adjacent new districts at a saving in freight charges of a minimum of \$12.50 per ton, s a surprise to most of them who were een yeseterday. In his letter Mr. Marsh states that he

In his letter Mr. Marsh states that he as taked with all the buyers in the new listricts and has received assurances hat Utah jobbers will meet with no rouble in that field if they can make ven competition prices. From the resolutions adopted it will be seen that via the San Pedro. Los Angeles & Sait Lake a minimum saving of \$12.50 per ton can be guaranteed. This is recognized as a great thing for Sait Lake. Ogden and Provo, and for Utah generally. A new market appears to be opened up, not only for our mercantile houses, but also for our farmers and for all kinds of our produce. All that now remains to be done, and this point is emphasized by Mr. Marsh, is for the Utah jobbers, manufacturers and shippers to get their salesmen, and representatives into the territory, and these should advise the Commercial club of their intentions at once, or address C. L. Marsh at Goldfield, Nev., directly.

The nobles turned their captives loose early enough to catch the first car home.

Outside towns were well represented at the session of the Shriners. In addition to visitors from Bingham, Eureka, Park City and other surrounding towns, there was an important delegation from Ogden and another from Evanston, Wyo. Those from Ogden were S. W. Pocatello was represented by James A Weed of the Oregon Short Line.

Much eleverness was displayed in the performance of the students at the Sait Lake theater last night. The play went smoothly, and when you say that of an amateur performance you ray much. But it was not merely in the freedom from hitches, the remembrance of lines, the centiauous self-possession, that he presentation was creditable. For in the acting there was much evidence of a clear understanding of the characters assumed, and much intelligent interpretation.

It was especially grafifying to see the good work of new members of the club. his methods he showed a keen appreciation of the demands of the character. His facial play was very expressive, revealing to the audience clearly the amusing nature of his part without words. Esied Ward was capable in the part of Mrs. Colt. Carl W. Scott was excellent as the valet, Richard Hart was good as the manservant of the Colts, and Moses Nielson was the manager of the Bombay house. Among the favorites of former plays who spepared was H. Leo Marshall, who was, consistently humorous throughout, displaying the dramatic ability that has so pleased in the past. Will P. Mirflin, as Christopher Colt. St., showed marked progress from the part of a servent which he had last year. Jack Hume, in the part of a retired army officer, kad a most convincing make-up, and his acting was a good plece of character work. Miss Lylia Knudson, as Mrs. Gilbb, showed a fine suprectation of the character, and furnished much of the pleasure of the occasion by her capable manner of dealing with Mr. Gilbb.

Elbert Thomas had the title part and

nished much of the pleasure of the occasion by her capable manner of dealing with Mr Gibb.

Eibert Thomas had the title part, and of course was at home on the stage, easy and natural. But Mr. Thomas was not as happy in this character as he has been in others. It is one that requires much subtle expression, and it is too much to expect that any amateur, no matter how promising, could get out of it all that is possible. There is so little in the character beyond its subtle humor that it is a pretty big undertaking for any amateur to attempt it Indeed, the whole play depends so much on acting to conceal its filmainess that it cannot be said to be well adapted to amateur effort.

Miss Edna Harker, a player who has won much praise in the past, had the part of the young woman the young Christopher has his affair with, and she played it in her usual pleasing way.

Miss Babcock, who has shown so much talent in the direction of the club's effects, made an unexpected appearance. She was on the stage after one of the acts evidently arranging the players to bow acknowledgement of applause, and the curtain went up too soon. She ran from the stage, but was brought back to receive from the audience deserved applause. But she is sure that if she could have foreseen the experience she would have fores

No one with ears could doubt that there were many students in the house. They contributed something to the amusement of the audience by throwing vegetables on the stage, but some of their deliveries were ill-timed, though the players bere the ordeal well throughout.
